O2B Kids

Our after-school programs have been accredited by the Council on Accreditation and the National Accreditation Commission for Early Care and Education Programs. This means we have met or exceeded standards of quality set forth by these national agencies.

Once your child arrives at O2B Kids, he/she will meet his/her counselor and friends in a designated Group Spot to start the fun. There are four segments to every day:

- Snack
- Homework
- Specialty class
- Neighborhood Time

*Additional and updated programs listed online at www.HJCOPC.org

Program provided by:

Field trips are offered occasionally and will alter the traditional daily schedule. A nutritious snack is provided each afternoon to ensure that your child has the energy to have a BLAST!

Each afternoon, the children have designated homework time. Counselors are available to help if needed. Neighborhood Time is a time to give kids a choice of things to do – just as they would experience in a safe neighborhood of yesteryear. Choices include a combination of program calendar classes, non-scripted inside and outside play, and counselor-led activities. This provides crucial time for your child to explore, make choices, develop friendships and gain independence. Our counselors are stationed in zones to facilitate safe play.

YMCA After-School Programs

Before- and after-school care are part of the YMCA's history of dedication to youth and children's services. It was established to meet the needs of working parents in the community while providing their children a fun, safe, enriching environment that would promote the YMCA's four core values of caring, honesty, respect and responsibility. Our program offers a variety of daily activities focusing on academic support, character development, physical fitness and proper nutrition, under the leadership of qualified, professional staff.
